Boasted as Sea with All on Board
THE TUG GEORGE W. CHILDREN AND THE STEAM-YACHT IDLE HOUR LOST.

A Norfolk telegram of Friday says: A private letter to the Baker Salvage Company from Smithville, N. C., dated December 4th, says that the Philadelphia tug George W. Children and the steam-yacht Idle Hour, which left here some weeks ago for Florida, had founders at sea with all on board. All the particulars received are contained in the following extracts from the letter: "The captain of the steamship America, reports seeing the tug George W. Children, from Philadelphia for this port, founder off Cape Hatteras in the storm of November 22d. The tug Hercules, from the same place bound to Charleston, was in the same storm, but managed to get into Norfolk and afterward to Beaufort, N. C. The yacht Idle Hour left here to Tuesday last, bound to Savannah, and was caught in that severe blow and lost, with all on board, as reported by the pilots here."

All eyes are beginning to turn to it for relief in cases of disease of the liver, bowels, and kidneys. Kidney-Wort is nature's remedy for them all. Those that cannot prepare the dry can now procure it in liquid form of any druggist.
